(To be described and contained within ten (10) typed lines or less. May include chapter, state, and/or national societies)
I was involved in the Capitol Chapter of Radiologic Technologists as a student member from 1998 to 2000, and as a member from 2002 to 2011, serving as Treasurer from 2003 to 2004. I was a student member of the South Carolina Society of Radiologic Technologists from 1998 to 2000, and have been a member from 2002 to present. I had the pleasure of serving as Vice President in 2018-2019. I also served on the Nominating Committee in 2003 and have been part of the Annual Meeting Planning Committee from 2009 to 2012, and again from 2014 to 2017, planning events with students and assisting the counsel and technologists in a variety of ways. I served as Sargent At Arms in 2014, have served as SCSRT Historian since 2013, and was a speaker in 2017. I have been a member of the American Society of Radiologic Technologists since 2014. I am a Site Visitor Chair for the Joint Review Committee on Education in Radiologic Technologists since 2011.

POSITION STATEMENT *(To be contained within ten (10) typed lines):*

I believe activity in professional radiologic societies, such as the Capitol Chapter, SCSRT, and ASRT is vital to the daily practice of the radiographer and to the longevity of the profession. As technologists, we stand on the shoulders of the giants that founded medical imaging and allowed the world to glimpse inside the human body. If we wish to continue to shape our own profession, we must take advantage of opportunities to learn, to have fellowship, and to make our voices heard at the state and national levels and not be complacent by allowing other professions to dictate our future. This is more important now than ever. I will gladly work to encourage other technologists to let their voices be heard by becoming members of professional societies such as the SCSRT.
